Sanparks have requested canoeists using their facilities to ensure that their canoes are properly secured. Canoes found untended will be confiscated to avoid them being used by poachers, and will only be released on payment of a fine.

With petty crime on the increase, serial numbers of electronic equipment should be recorded in case of theft. A white Tata and a white Jetta3 have been involved in several incidents. Recent arrests have included both White and Coloured males, and residents are advised to remain alert. Under no circumstances should members confront suspicious individuals, and unusual behavior should be immediately reported to the SAPS.

Members are requested to note that WRRRA's AGM will be held at 6p.m. on Monday 20th December 2010 when the majority of our out-of-town members will be available to participate, at a venue to be advised. Our thanks go to those of you who have already paid your subs for the 2010/11 membership year. The response has been fantastic, and we really appreciate the committed support.
