

2012 October Newsletter

My thanks to our secretary, Vanessa Hau-Yoon, for putting the following newsletter together during my absence.

We are very pleased to announce that the dedication and hard work put in by Vernon Gibbs-Hall of the Eden District Municipality, as well as members of WRRRA and many others, in obtaining blue flag status for the Wilderness beach area at the NSRI, seems to have paid off. Presentations will be made in mid October, and all indications are that Wilderness will be granted Blue Flag status for December and January.
