

WhatsApp Social Groups

WhatsApp Security Groups in the greater Wilderness area have proved to be very successful. WRRRA now wishes to extend the use of social groups to distribute non SAPS / Security related matters such as meetings of general importance, details of the regular Talks held at the Wilderness Hotel and Spa, etc.

If you know the contact details of groups not listed below please forward the information by email to admin@wrra.co.za

The information we require is the name of the group admin and contact mobile number, name of the group, and the area it covers.

WRRRA will not send messages of a commercial nature and will not post directly into these groups. Messages will be sent to the group admin who will make the decision as to whether to post in their group.

If you wish to join your area group then please contact the relevant group leader as listed below: Please note:

- Do not post Police related emergency messages on any of these groups - use your area WhatsApp Security Group which is linked to SAPS.
- Please do **NOT** do a **group reply** to group messages for **courtesy or acknowledgement** unless this is requested. If you do wish to respond do not be lazy, please respond to the individual. If you don't have the contact details of the individual click/tap the group name at the top of the screen which should bring up "Group Info". Scroll down. If the person is not in the displayed names select ".. more" . Click/tap the name and enter your message.
- PLEASE do not post messages or copy those from other groups claiming to be facts unless you can verify the contents. If you are forwarding a message **check** that the same message has not already been posted on the group.
- Group Leaders are linked together so that they can generally transfer messages to other groups.
- **If you are willing to act as administrator to set up a group in the areas currently not covered please contact WRRRA who will assist.**
