Municipal Services Update

Due to Covid, the Municipality is asking that we do as many transactions by phone or email rather than risk in-person contact. However in-person services are available should such be required, but within limited times due to staff being on rotation.

CENTENARY UPDATE

Due to Covid Alert Level 3, all plans for the Wilderness Centenary celebrations are currently on hold until further notice.

The Wilderness Centenary is to be a celebration of the natural beauty of Wilderness and its growing role as a **World Wellness Destination**.

Its aim is to promote responsible tourism, environmental appreciation, and community pride within the Greater Wilderness Area.
